

Finally, something better to hang your reputation on.

Eastern Color and Chemical Company of Providence, RI and Greenville, SC is proud to announce the immediate availability of the RAINOFF® Hang Tag program for textile, leather, paper and aftermarket producers of commercial and consumer products.

RAINOFF® is a superior soil release agent and oil and water repellent fluoropolymer protective finish for hundreds of end uses and is readily available in several formulations.

RAINOFF® is manufactured under precise standards to ensure its consistent quality and performance exceeding even the most exacting requirements you may have.

Please contact us for additional technical information or laboratory samples for your evaluation.

RAINOFF®: When your reputation hangs in the balance.
